MARTA Crisis Center

Dear Madam,

We would like to thank you for your participation as panelist at the works of the Regional Conference for Central and Eastern Europe, dedicated to the combat of violence against women and girls, which was held at the Palace of the Parliament, during 12 – 14 June 2017.

Your valuable contribution to the works of the Conference was very much appreciated by all the participants.

We propose to you to continue our fruitful cooperation, which we started along the three-day Conference, being convinced that only together we can continue our endeavors dedicated to combating the violence against women and girls.

By assuming the text of the final document, you have also assumed the role of representing, at the national level, the engine of the changes which are necessary, both in the legislative field and in the multi sectoral cooperation, in order to reach our objectives, as, behind any statistical figure there is a human being who should have the perspective of a decent life and whose rights can and must be defended by us.

Sharing the conviction that we will continue our fruitful cooperation which we started in Bucharest, I avail myself of this opportunity to wish you success in your activity.

Biró Rozália Ibolya
